NOTICE

I advise everyone to read through these documents before reading this one, if you don't know who Pixie is.
https://x.com/JasPixieArchive

SCROLL ALL THE WAY TO THE BOTTOM FOR HIS RESPONSE, AND

HIM ADMITTING TO EVERYTHING, LISTING ALL OF HIS VICTIMS.

TLDR: Pixie is a Chilean 22 year old artist who has a very long history of sexually interacting with children as young as 14, with more than 3 victims. He has been called out before in 2023 For all of the things he has done. However, He began taking therapy sessions which he claimed improved his behavior and helped him with his problems.
In this document, I would like to say that his claims are completely false. And everything he has said has been a lie.

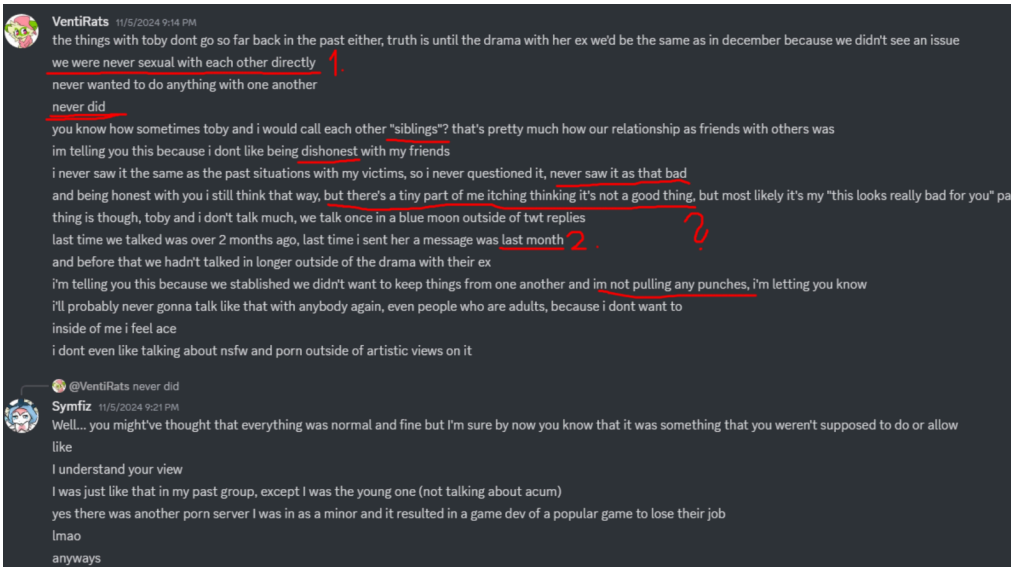
Important notes:

It should be mentioned that while pixie hasn't DIRECTLY interacted with minors before all of this, he has made very questionable decisions such as: accepting minors into his priv account (where he VERY often talked about his sexual urges, and

generally Sexual topics), posting thigh pics with his bulge out on his main SFW account (which a LOT of minors follow, since he has plenty of them in his discord server, and defending lolicon/shotacon

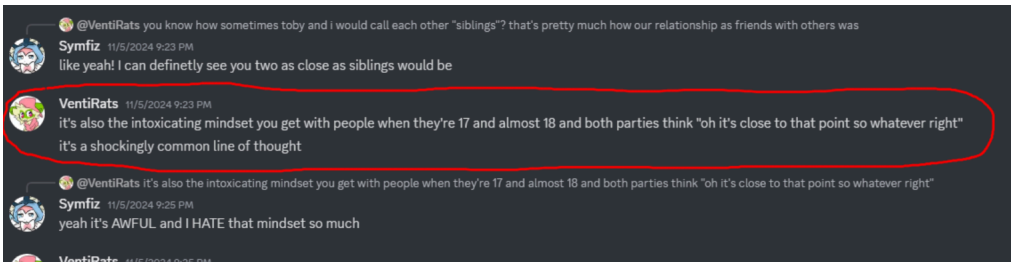
My first experience with him when it came to a callout between Pixie and Toby/Dogtrest

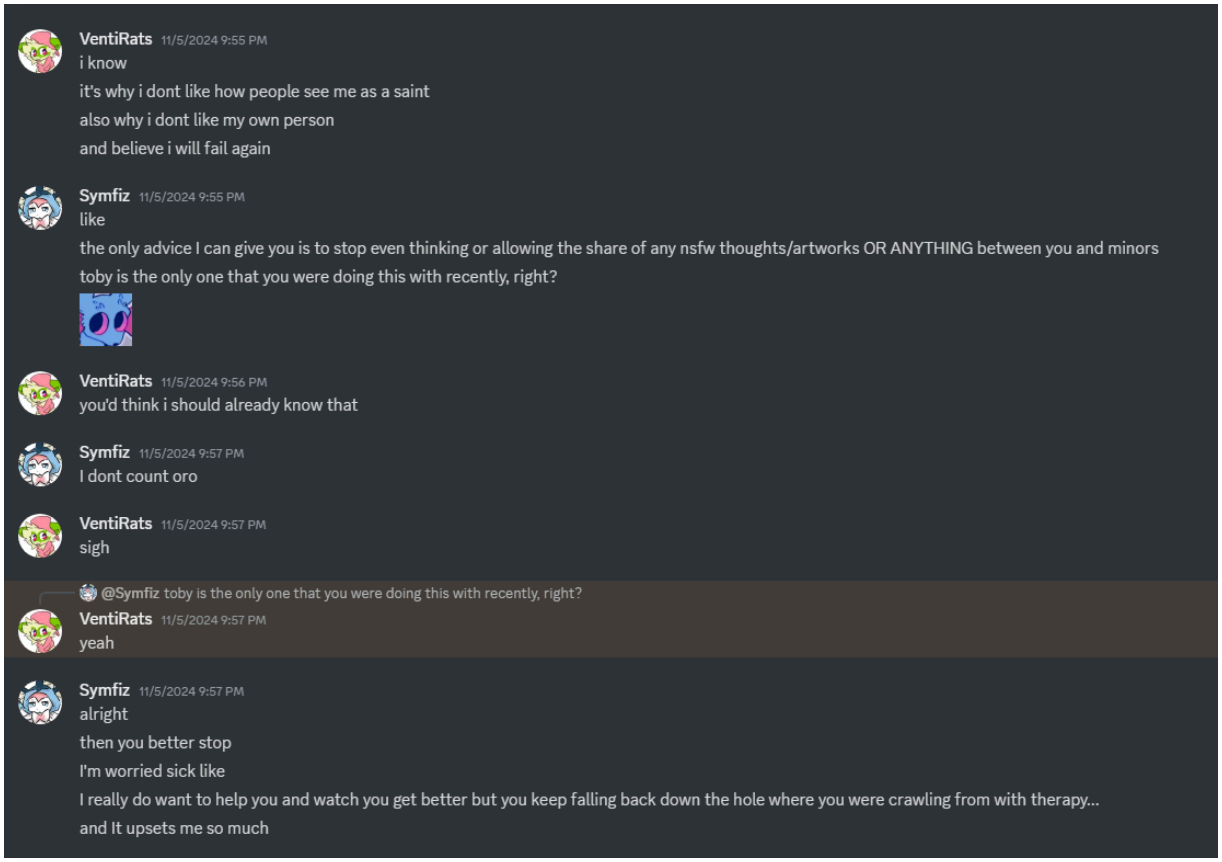
Toby is an artist on twitter who used to be friends with Pixie, They were 17 years old in these screenshots. They were such close friends that Pixie let them into his “Dpriv” which contained only ONE other person. He posted about several sexual topics and also posted nudes on them.

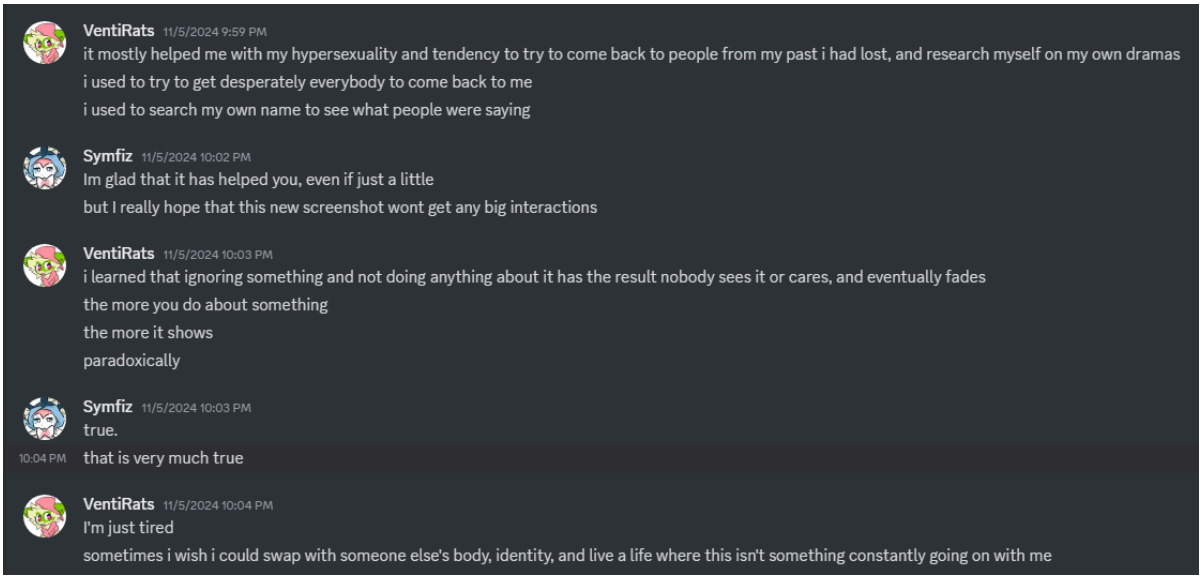


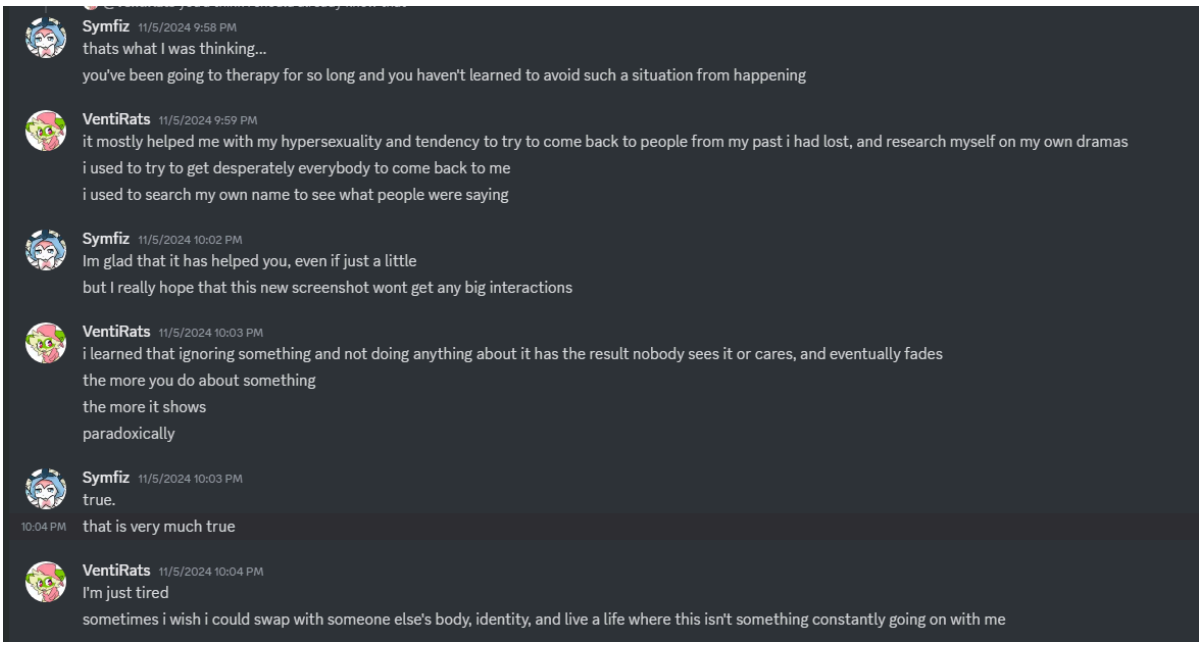
I was completely clueless about the situation between them, and the only knowledge I've had was that they shared their NSFW artworks with each other privately. I personally didn't think much of it because of how much he watered it down. I called him irresponsible, and told him to

not do that ever again, giving him my "last chance".









I was unfortunately very defensive and naive, even sympathetic towards him because he used to be my best friend. That's why there's a lot of watering down.

1. "We were never sexual with each other directly"

2. "The last time we interacted was last month"

As much as I wish it wasn't a lie, it unfortunately happened.

Please read Toby's callout.

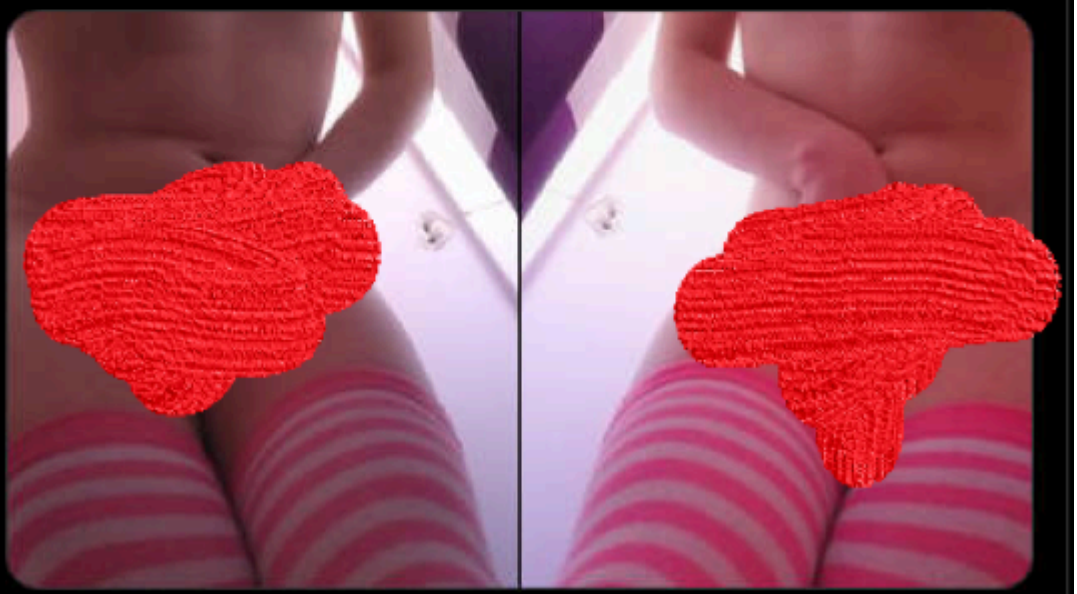
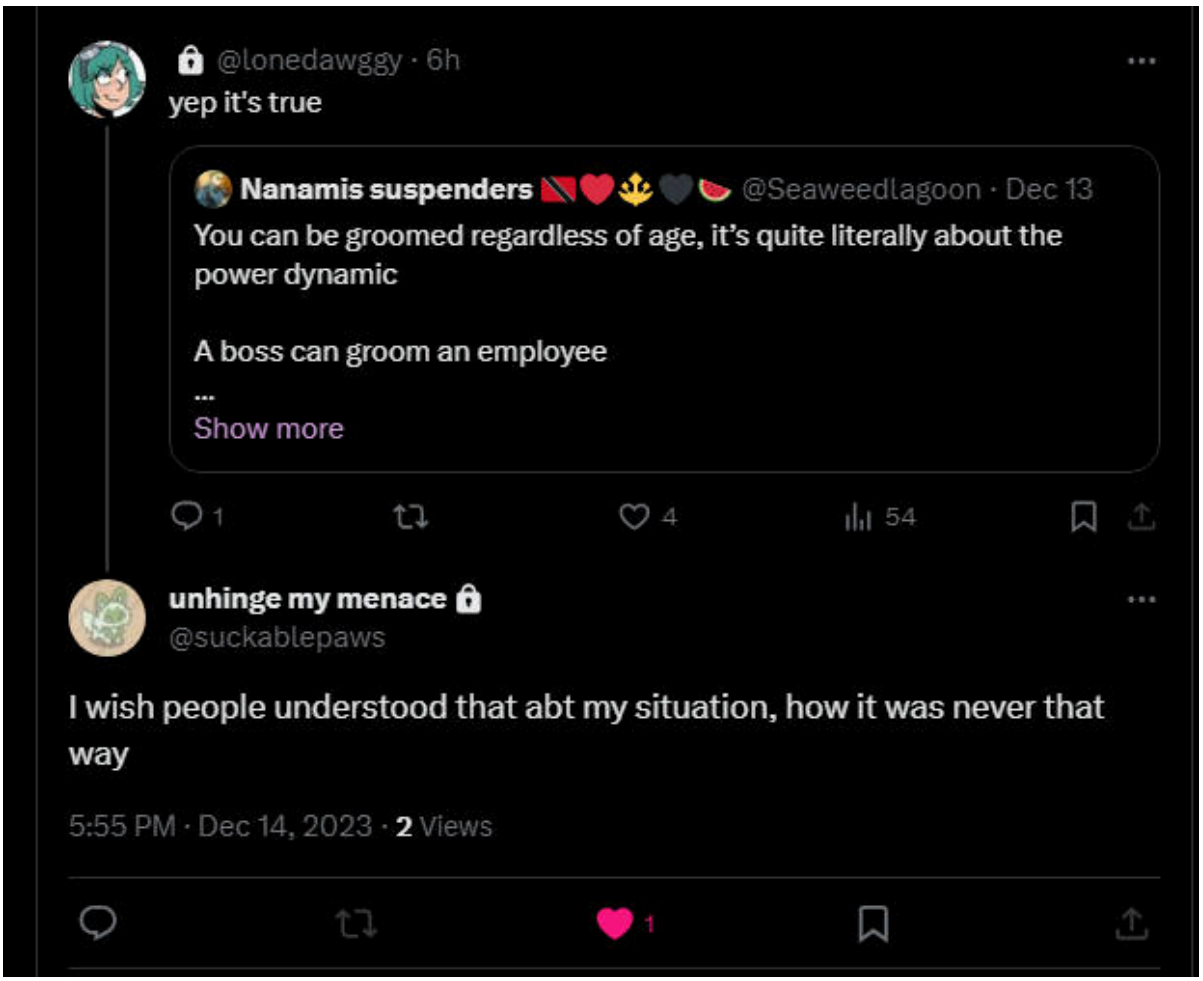
"if ur built like thiS HIT ME UP"

Ok but i kinda am...?

Shiz





My first experience with him when it came to a callout

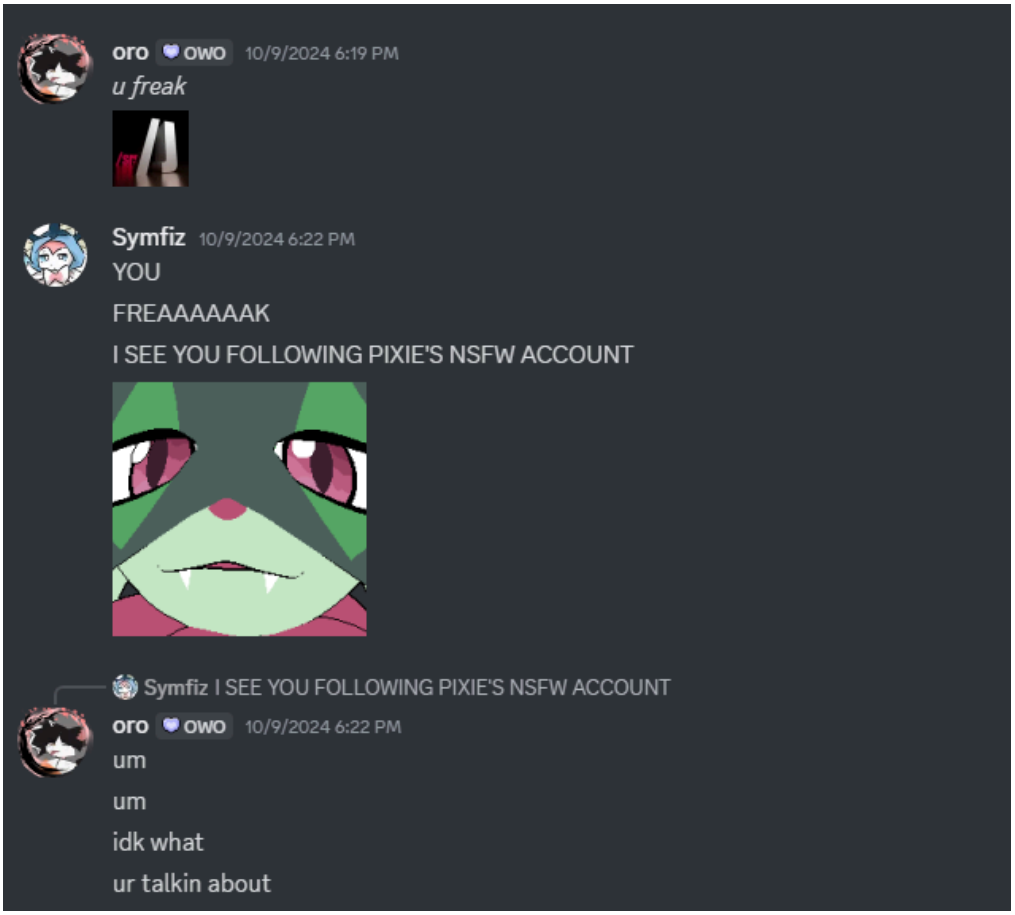
between Pixie and Oro/Orobas

Oro is a 17 year old who is a moderator in his server, They were very good friends, interacting in dms more often.

This interaction happened on OCTOBER, 5 DAYS BEFORE THE SITUATION WITH TOBY

I was checking through Pixie's super fresh nsfw account, he had 10~ish followers back then, when I noticed Oro following them on their private account. In the following screenshots, I have innocently tried to get Oro to answer my questions by being on their same wavelength in

terms of emotions



oro OWO 10/9/2024 6:24 PM

Symfiz 10/9/2024 6:50 PM

> Symfiz is he still following your nsfw?

oro OWO 10/9/2024 6:50 PM

> Symfiz how did it go down

oro OWO 10/9/2024 6:51 PM

pls dont tell him i told u srsly qwq

Symfiz 10/9/2024 6:55 PM

im just worried
did he follow you on his nsfw account?

can I atleast know that

Symfiz 10/9/2024 6:56 PM
BECAUSEEE I MEAN YOU WERE FOLLOWING AND REPLYING TO HIS STUFF ON YOUR PRIV
but he probs just didnt see them so

> Symfiz im just worried

oro OWO 10/9/2024 6:57 PM
dw ik his past and even though i know hes changed for the better i wont let anything bad or serious happen.

Symfiz 10/9/2024 6:57 PM
hmmm yea okay

> Symfiz did he follow you on his nsfw account?

Symfiz 10/9/2024 6:57 PM
but did heee?

oro OWO 10/9/2024 6:57 PM
u told him

Symfiz 10/9/2024 6:57 PM
yes
of course
because I've been friends with him for a good long time and put my trust into him
with all this stuff
and
this info just
shocked me

> @oro OWO i may or may not have accidentally mentioned it and he was hella curious so i told him i would give it to him if he drew me as a joke but he immediately agreed

Symfiz 10/9/2024 7:31 PM
is this true?

he's saying the opposite
that he didnt care about your alts
listen man I just need information, I don't blame you for any of this
I just want to know if I can trust a friend...
please??
I dont want to make my own assumptions
it would just make everything worse
he's my best friend
and I just
dont want to lose him
but I'm questioning my trust
I just need to know
please

> Symfiz is this true?

oro OWO 10/9/2024 7:38 PM
no.. he didnt actually want to know about the alts but i gave them to him after he drew me

Symfiz 10/9/2024 7:39 PM
can you provide a screenshot

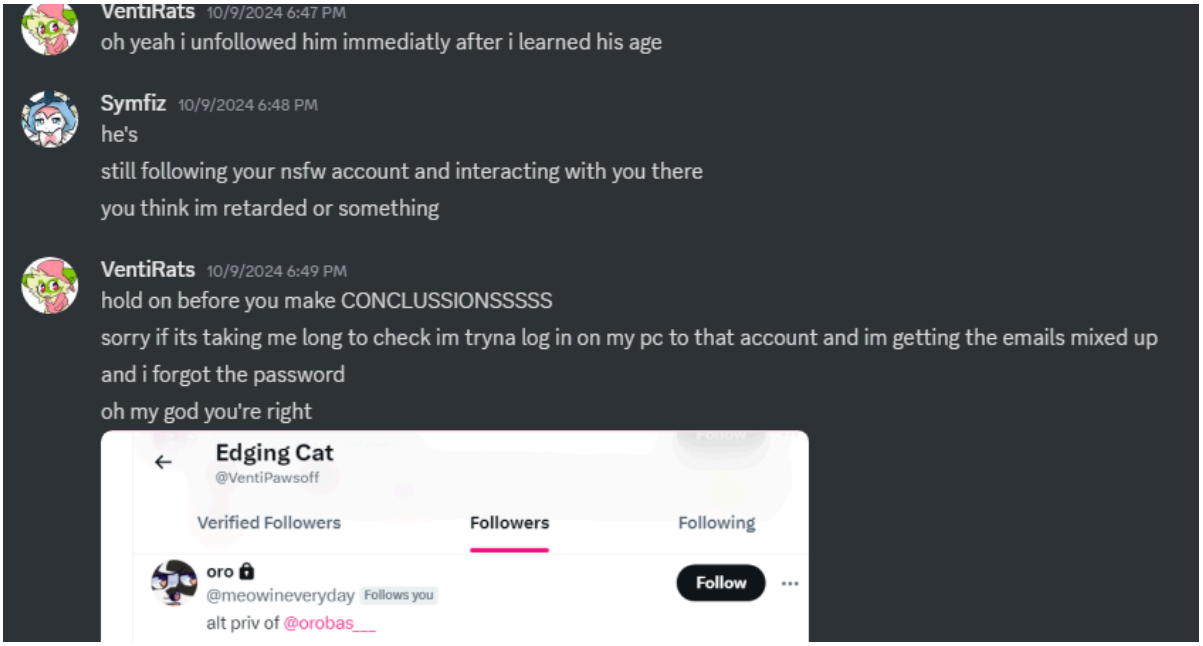
oro OWO 10/9/2024 7:47 PM
sorry but no

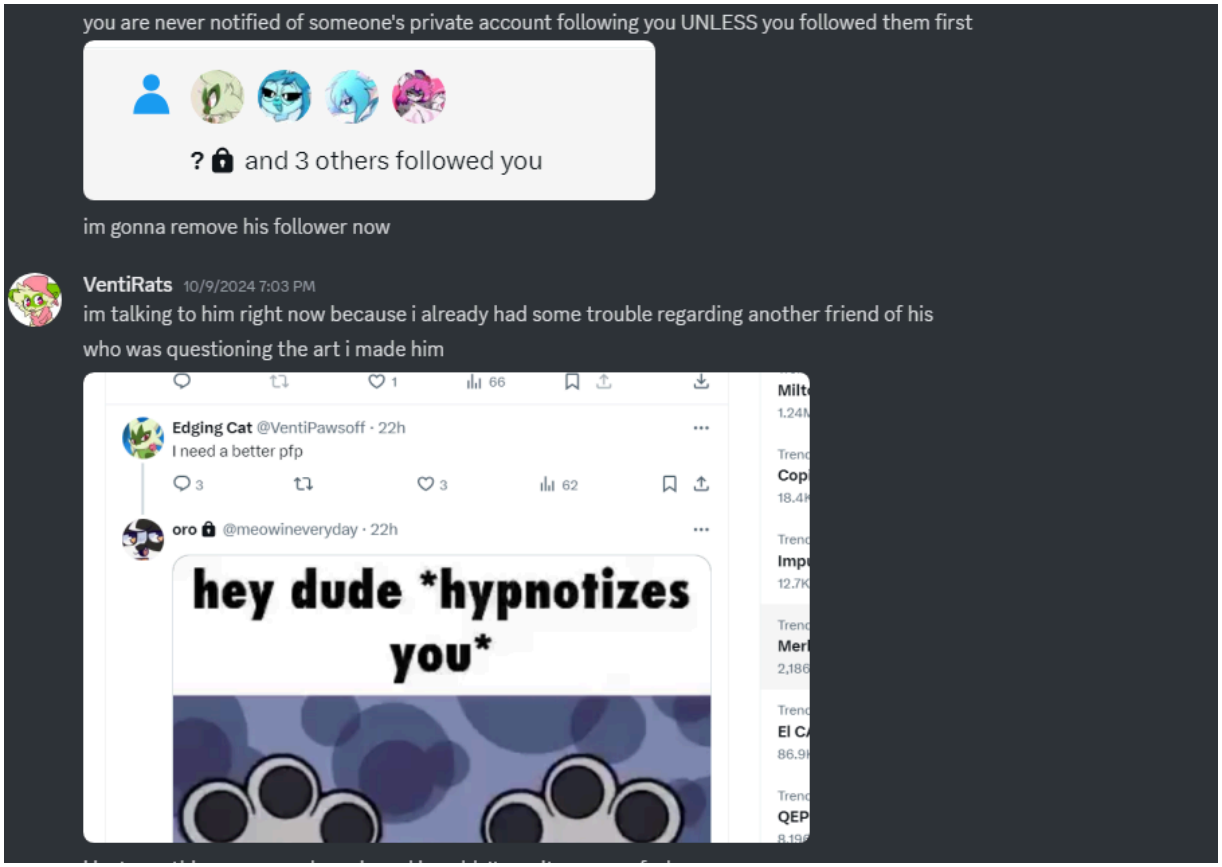
Symfiz 10/9/2024 7:47 PM
fine
he's already explaining himself

Pixie’s side of this situation:

The screenshots provided in this one image

are previously mentioned images right above.





i just saw this on my regular priv and i couldn't see it on my nsfw because
well
i didnt follow him there
im sorry i didnt see this sooner sym
im tired
im tired of handling all of these accounts and all of these kids making trouble and it being worse for me because of my past things look 10 times worse
im tired of things like these idiot kids finding your ad because of my account's following list
sammy, and oro now

VentiRats 10/9/2024 7:18 PM
is he saying anything to you, because he's in my dms saying im sorry im sorry like a thousand times

VentiRats 10/9/2024 7:26 PM
can you please talk to me

Symfiz 10/9/2024 7:29 PM
sigh

Symfiz 10/9/2024 7:40 PM
can I trust you

VentiRats 10/9/2024 7:40 PM
the thing is you cant trust me if im not fully transparent
and i should tell you some things to you and you only because i dont have another friend like you
there's one thing that i should tell you because i kinda have to
I was curious to see that alt of his
i didnt wanna interact, i didnt wanna do anything to him, i just
wanted to know, see the following/follower list to see anything weird or just fill my curiosity
i was really scared... because i thought you'd think that i'm doing something to this kid

Symfiz 10/9/2024 7:42 PM
do you know how insane this sounds
bribing a kid with a drawing so you can be let into his nsfw account (edited)

VentiRats 10/9/2024 7:43 PM
no i didnt know it was his nsfw account
he just said he had 3 privs
and i didnt give him the art to get his account because i was already making him the art beforehand

Personally, I didn't think too much of it after we had this talk. I genuinely thought he was just being curious and being "innocent". I was being a complete idiot for believing him.

The reality of what happened between Oro

and Pixie. on the day of October 8th. (5 days before the thing with Toby)

I've asked both Oro and Pixie if they know how it all began, but unfortunately, neither of them know… all they know is that it began on October 8th when Oro took interest in Pixie and they both began talking, when Oro joined the server, it seemed like they've been really good friends from the start, and got the moderator role soon after. They've continuously sexually talked to each other throughout several days, until October 13~ish. sharing nsfw art, sharing their sexual fantasies sharing nudes and Pixie drawing nsfw for them.

[redacted] Today at 8:41 AM
hey symf
do u have time
this is kinda important

Symfiz Today at 8:41 AM
I do
Whats up

[redacted] Today at 8:41 AM
okay cool
uhhhh so u know orobas right

Symfiz Today at 8:42 AM
Yes?

[redacted] Today at 8:42 AM
yeah uhmm
he needs
a lot of help here
and both him and I wanted you to know this because we know you're friends with this other guy
but he's too afraid to come out about it himself for obvious reasons
that you will soon see

Symfiz Today at 8:43 AM
Whats going on im confused

[redacted] Today at 8:44 AM
yeah imma try to explain this the best I can
so
pixie, venti, ventirats, whatever their name is
I'm letting you know right off the bat who this is about
I know you're friends with them, and I know Orobas "was" friends with them
I don't put this on you or him, I can't really
fully blame any of you two about that, but

[redacted] oday at 8:51 AM
pixie is still doing
bad stuff
I was in a conversation with them in dms about how much I still don't trust Pixie or think they really changed at all
and I showed Orobas an archive of Pixie sending nsfw to minors about as recent as October 2024 to prove this
he understandably so, got mad about this
told me how Pixie was kind of a dick to their friends anyway
he then proceeds to drop the most jaw dropping shit about his interation with Pixie that I've seen so far
and it's- pretty bad (edited)
I feel really bad to have to drop this on you but I think it's important
and I should probably go download the screenshots first before I say this next part
so brb
okay so
first of all here's the proof of the archive so there's no confusion about that https://x.com/dogtrest/status/1871608804649123898

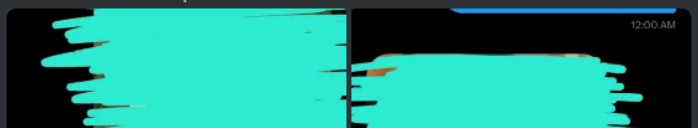
> **Tobr (@dogtrest) on X**
> also sent me uncensored porn as recently as october https://t.co/Rax3GOxtpX
> X • 12/24/2024 6:28 PM

but right now this is about orobas

[redacted] Today at 9:00 AM
they've been sending nsfw to each other for about as early as... I think November?
Venti actually knew Orobas' age on the exact date of October 7th in Twitter dms
I believe about a month after that is when they started doing this
so there's no excuse about confusion
Here's the proof to that

let's be aware that Venti is like.. idk.. 24? I don't remember but it's past an age gap of 3 years which makes me very uncomfortable

and Secondly, they've gone beyond just- sending nsfw to each other
Venti was the first to start asking orobas for irl Nudes
and well, he did exactly that
and orobas asked for venti's to make it even
they both sent nudes
back and forth
more than once
I believe oro told me he regrettably sent about 5 nudes to venti (edited)
and... well here's the proof to that-



Screenshots provided:

thats

about it

every other thing was just random stuff like me "commenting" on his posts by sending them to his dms, and a convo we had about feral art

and a few others

did he deactivate his deepriv? cause thats where i think most the messages are

oro OWO Today at 2:30 PM

i had one other idea and that was it was between my normal priv and his nsfw

but

he has dms turned off on his nsfw

> oro OWO nope

Symfiz Today at 2:30 PM

Thats his dpriv

Hmm

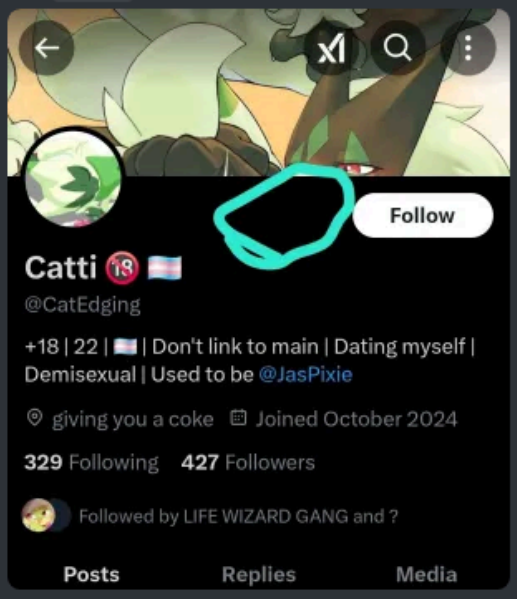
> oro OWO he has dms turned off on his nsfw

Symfiz Today at 2:30 PM

Hmmm

Its possible

oro OWO Today at 2:32 PM



cause i was

the first person to follow his nsfw

pretty sure

This is a drawing he made for Oro as a “gift” , which he posted publicly in both his server and on his twitter.

Which heavily focuses on paws

The people around Oro, and generally almost everyone knew that Oro really liked paws, They have made several odd remarks towards them which sparked a question in some of the people around us. Now we know that the reason why he drew this was to pleasure his own sexual desires, including Oro's.

There is also another version that Pixie has made which includes cum, Oro has never

asked for an alternative version, which means that Pixie was the one who willingly made it.

oro OWO Today at 2:49 PM

fact

oct 8th is when we started

well like

the night beteeen the 8th and the 9th

cause thats when i saved the cum alt he made

i think

i think wait thats how we started

Symfiz Today at 2:50 PM

Cum... alt?

He never told me about

A cum alr

Alt

> Symfiz Cum... alt?

oro OWO Today at 2:50 PM

Symfiz Today at 2:50 PM

Show me

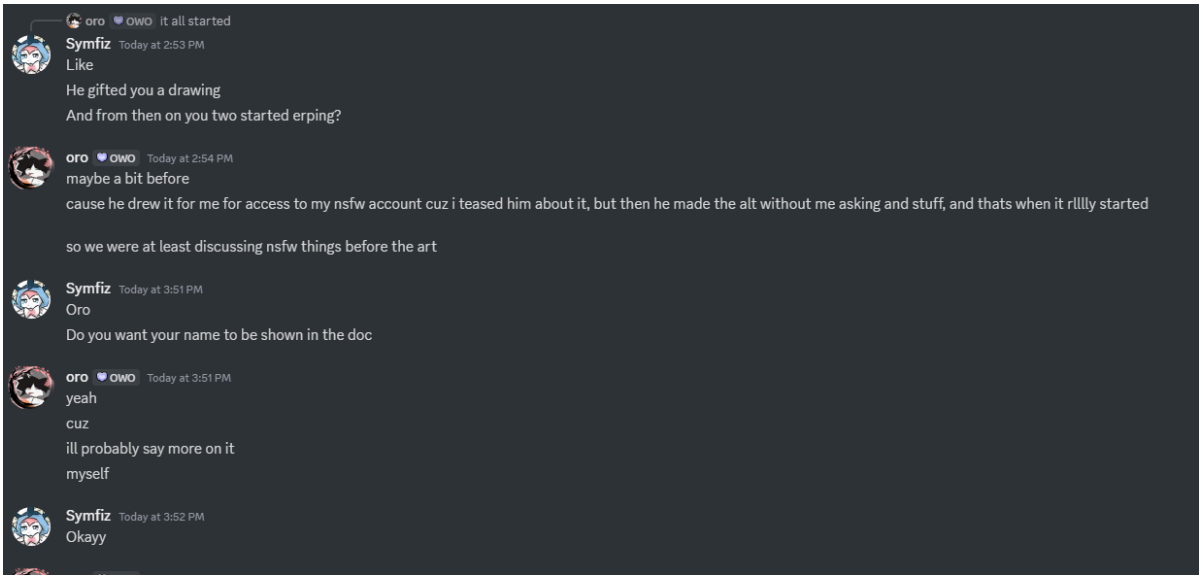
Oh my fucking god

oro OWO Today at 2:50 PM
he kinda did it
just on his own
cause he knew i rlly rlly liked paws
and
im pretty sure thats when
it all started

Symfiz Today at 2:51 PM
No words
Can you show me the sfw version

oro OWO Today at 2:52 PM

Symfiz Today at 2:53 PM
Thank you



After Oro came out about his situation, they have felt nothing but regret and sympathy towards Pixie, Pixie is very well known for guilt tripping and manipulation throughout all of his docs, including this one, screenshots provided after I've approached Pixie about all of this.

Symfiz Today at 4:57 PM
interesting
anyways

VentiRats Today at 4:58 PM
ANYWAYS???

Symfiz Today at 4:58 PM

mind explaining?
you
sharing nudes
with oro?
barely a month after he turned 17
I just want to know why
why did you lie to me and everyone around you
No actually MOST IMPORTANTLY I want to know how the FUCK did this happen
how did you two even like
manage to get here
please just be honest for once, how did you two end up sharing nudes, or even began to sexually talk to each other (edited)

VentiRats Today at 5:00 PM
I don't know

VentiRats Today at 5:01 PM
no i'm being honest, i don't know, because even after thinking about it i didn't know why i did it or what happened
i didnt like it, there's no world where id ever be interested in it
i don't know why these things had happened to me

Symfiz Today at 5:02 PM

yeah
ok
2 weeks ago

VentiRats Today at 5:02 PM
I know, i still dont know
That cuts out part of the convo, in it i was apologizing to oro

Symfiz Today at 5:02 PM

I feel

the only "hurt" you did was when i was still a horny fuck and was sad you didnt want to be sexual anymore
we're fine
dont apologize or anything
so stopping you before you start

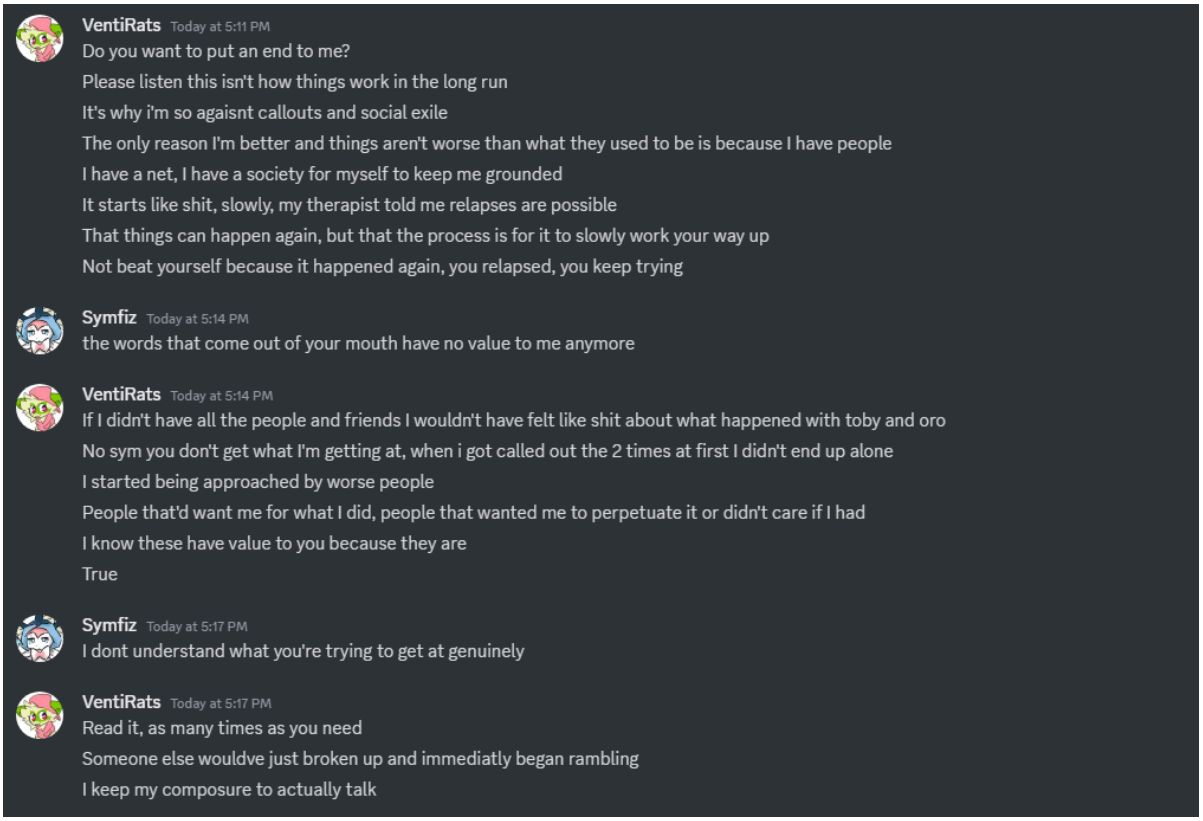
or do what
VentiRats Today at 5:11 PM
I'm still trying
Symfiz Today at 5:11 PM
pixie if you genuinely think people are gonna give you another chance, you're insane

This is where the emotional manipulation begins as well



VentiRats Today at 5:11 PM
Do you want to put an end to me?
Please listen this isn't how things work in the long run
It's why i'm so agaisnt callouts and social exile
The only reason I'm better and things aren't worse than what they used to be is because I have people
I have a net, I have a society for myself to keep me grounded
It starts like shit, slowly, my therapist told me relapses are possible
That things can happen again, but that the process is for it to slowly work your way up
Not beat yourself because it happened again, you relapsed, you keep trying

Symfiz Today at 5:14 PM
the words that come out of your mouth have no value to me anymore

VentiRats Today at 5:14 PM
If I didn't have all the people and friends I wouldn't have felt like shit about what happened with toby and oro
No sym you don't get what I'm getting at, when i got called out the 2 times at first I didn't end up alone
I started being approached by worse people
People that'd want me for what I did, people that wanted me to perpetuate it or didn't care if I had
I know these have value to you because they are
True

Symfiz Today at 5:17 PM
I dont understand what you're trying to get at genuinely

VentiRats Today at 5:17 PM
Read it, as many times as you need
Someone else wouldve just broken up and immediatly began rambling
I keep my composure to actually talk

VentiRats Today at 6:00 PM
i understand
i am wrong

Symfiz Today at 6:03 PM
yeah
you are

VentiRats Today at 6:04 PM
i kept going thinking maybe it could all be alright
that it could be left behind because i felt it wasn't that bad
there is something wrong with me
because others would see that as terrible
yet in me, in my head
it's like its watered down

Symfiz Today at 6:05 PM
yeah Im aware
me and adri talked a lot about how much you water things down

VentiRats Today at 6:05 PM
i need deep change

Symfiz Today at 6:05 PM

it happened literally within the same week you've been doing shit with oro

i went to oro, out of nowhere, last week to tell him i felt awful
because i was sorry i had hurt him
that i shouldn't have done that to him
that there was something wrong with me
because i think its awful, yet i kept going back to those convos and jerking off, which happened monthsago, but it doesnt matter
they're gonna take it as if it happened literally right there
i wasn't telling him that to have sex
i was saying how shit i felt that it's something that happens at all
its too late for me to lie about it, if i had gone to him last week to have sex i'd have said it
like it matters
[redacted] talked to me, heard you guys want to get me and everything
i just want to ask that you please leave my real life and house alone, because i have family, i have a little brother, and my real life couldn't be more dettached from what i do on my phone or pc
i know im asking this to people with enough anger in their eyes to blame me for putting my family at risk, that i deserve this

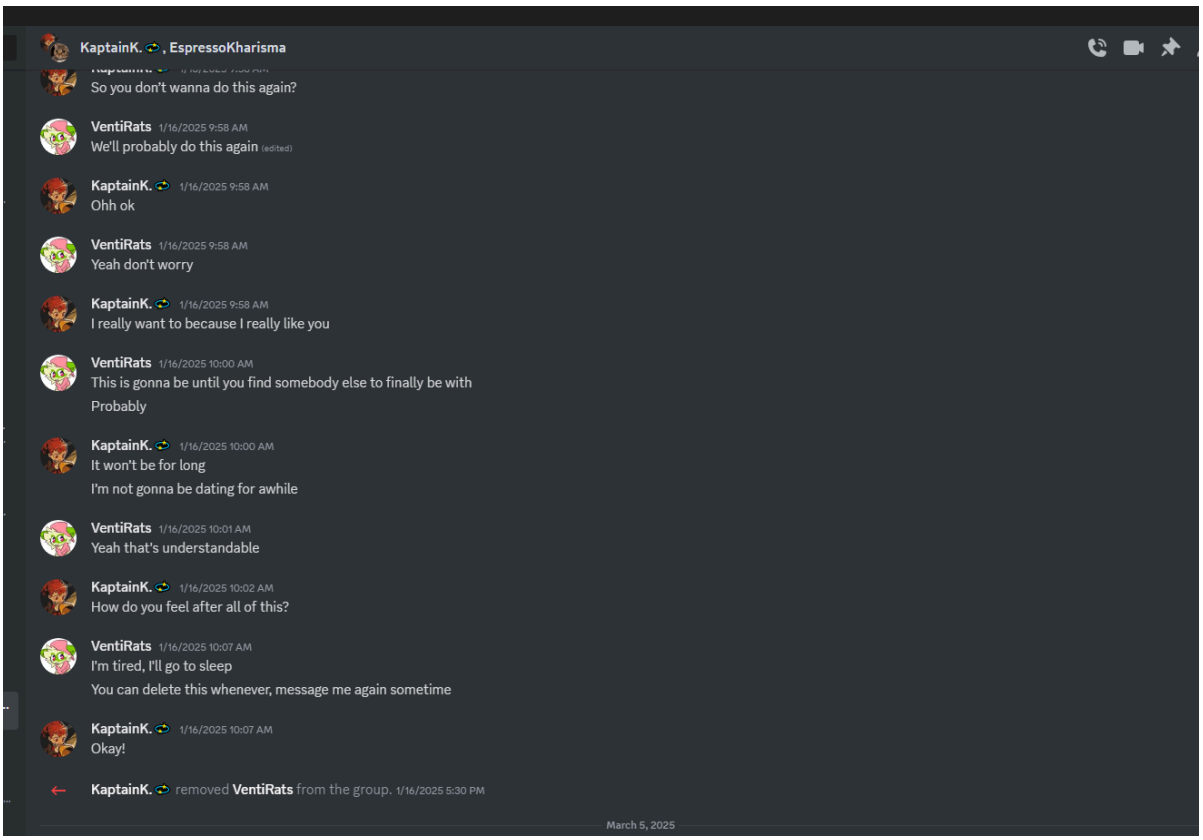
It's gotta be fucking with your brain a lot



there's too many messages but you get the idea, not to mention their DMS. which contain more than 20 nudes throughout a very long time

Pixie’s NSFW drawing for KaptainK of her sona

His response, and final verdict. These are his own words and his coming out.

There is a LOT of sexual interactions with minors mentioned. Please beware

let's list this

In the app project z now defunct I had sexual chats with tesku, he was 16, i was 20 i believe, he was obsessed with my sona and me, i didnt really care, but had sex anyways, cut him off bcs he was too clingy, some stuff happened after he was 18 but that doesnt matter (edited)

Archie came to me because I was a called out pedophile, he always liked that, i dont know how i didnt see it but then again I didn't truly know him until much later, too late. Archie was the first time I did something, idk how to put this, it's like the difference between punching someone and killing someone, can't really go back after the second, archie felt like that

VentiRats Today at 2:41 AM

Months after the callout he made on me he came back and we had sex again, he went on about how the sexual stuff we had did nothing to him, probably true, because he had been having sex with so many people other than me, with me just being the one publicly known

we made a private discord server around august 2023, shit talking people, he scared the shit out of me about how he liked shota and pedo stuff so much, we shared porn and all, he told me about the other adults he was fucking, when i got fed up i cut him off and kicked him off the server, last time i was sexual with him, never sent him a single nude but he offered me that many times, which i said no to

skipping [redacted]r now

she was the next person, she's something else

anyways

ah, i almost forgot

Before I was pixiemeows and was called out at all, after tesku however I believe

I had erps with 2 users from Satori's server, big friends of mine at the time

SketchyVertist and Axue

Both of them were all pretty much the same as oro

VentiRats Today at 2:44 AM

remarks from them out of nowhere, that became flirting that eventually lead to erp, always the same, they'd tell me its fine, that it doesnt hurt them, they'd almos try to convince me that what we were doing was just something of everyday, and for the next years it kinda was, neither spoke about it again, this is gonna be a repeating pattern for a lot of people

it even made me question if it was really that bad, of course it is, but i couldn't get the thought out of my head

nobody ever knew about those, you guys are the first ones hearing about it

Axue cut me off after the jaspixie callout, talked to me a bit before the pixiemeows callout

muuuch later they came back, were friendly again, genuinely cool people really, but yeah sex happened again, actually for quite a while

When symfiz was 17 I almost had sex with him, i had these thoughts of urges of wanting to send him stuff about my cat sona, found his obsession with my stuff amusing, not enough to make me want to do that, it ended up being just a friendly thing

i hate listing stuff, my brain gets rid of so many memories while i do so

nothing ever happened with catstuckinvr, there were some weird convos with cattoplayz in his end telling me how he's fucked up because he was doing stuff with adults, which i didnt choose to follow up with, nothing else there

Toby is not as complicated of a story as you might expect, bcs we didnt actually talk that much, and their association with me was in sudden bursts rather than something constant, they had bpd, so, no wonder

VentiRats Today at 2:51 AM

The priv account we had had only flirting and remarks, from both sides, i'm not gonna act like she did it all bcs there's a lot of stuff i said that didn't really start from her

Nothing more than that though, when i made that post with my body picture i really did just try to make an awful point about slop twitter anatomy being a real thing

around october she began talking to me again, idk how or why that came to be really

the sexual intentions started from her though i remember vividly her making remakrs out of nowhere and telling me she wants to fuck pals in palworld after i told her i was playing palworld

she got super close and affectionate, ended up going back and forth with flirting once it got far enough

then idk why we moved to whatsapp, but we did, had a sex chat, she sent me her tits bcs idk why, and that was that

she then got called out by her ex and dropped me, toby then told me all of that happened to make her ex mad, whatever, shouldn't have done it anyways

right after that there was this girl called luxie, 16, who was defending toby like I was, i followed them and they were like uhh you are pixie, and we talked about it until she was like ok you're fine, and i was, for some time

she told me she had a boyfriend who was 27 or something, a registered sex offender, pretty much grooming her and all but she was convinced he was not bad, like everyone said, however overtime we kept talking and she kept venting about him and was like hey you realize this is textbook abuse and grooming and it's p fucked up right, it all reached a last straw when he cheated on her with some boy, also a minor, of course

We didnt have anything between us, but after she discovered he was cheating on her and dumped her (because i told her it'd be best) she was having a breakdown and during it she sent me a picture of her breasts, which she then deleted, i felt bad because it was clearly something psychotic, she did tell me she had desired me probably bcs she had a history of being on twitter grooming tags selling nudes and being around pedos, and didnt try anything because she was dating, however after that she didn't try anything with me

who else

Oh i saw that some girl i think is called lilac came forth about me? i dont understand it, i find it bullshit because they never stated their age to me, you might ask well why didnt you ask well because they had a linked twitter which had images of their sona that included porn and suggestive, followed plenty of nsfw accs and interacted with many, and piece of the cake, they showed me they had commissioned art of their sona, nsfw, from many artists

it isn't far fetched to say they were an adult, because the chances of someone with all of this being a kid are astronomically low, so i dont take that one

Yeah most of my history with dani was pretty much after he was 18 and it was all fine, but just like oro
When he was 17 we did begin to be sexual with one another, affectionate, close, mutual
just like vertist and axue, it's like i was doing this to any other adult, but unlike those 2
dani and i kept in contact, and he soon turned 18
we never had any convos about that being weird or me being fucked up, it was never a topic
like i was just any guy
and he was just any guy
I even asked him today
"notice how we kinda just forgot that happened between us"
and i asked him
how is oro different than you
and he was like idk
im pretty confident if oro hadn't come out about this it'd have ended like with dani, just another guy, just another friend, not even a topic
im not saying its what i wish had happened
just that it's the natural course things seem to take, most of the times
do you have any idea how many adults and minors have sex with each other and it never comes out bcs its just something that happens and that's it?
and then they become 18 and it fades away
Who else

There was this kid called yukacidal, nothing really happened with them but they did send me t hoodie porn out of nowhere in my d priv before i made it nsfw, for some reason
they'd retweet porn regularly and i'd like uhhh what is this
i made my dpriv an ad priv with no minors in it soon after that
a lot, a lot of minors do stuff in their private accounts like it's not an issue
Same thing happened with this kid called Iris, not winteriris ofc, just some iris

They invited me to their priv account, nothing happened between us, but they'd just reply to porn tweets quoting some other guy?
i unfollowed them bcs of that, nothing else
Kelissa, lowest point really, like if there's any proof I let it get so bad this is it

For the looooooooongest time nothing between me and kelissa happened, however at the end of 2024 they'd act super weird around me and had a deep priv where they'd reply to my nsfw accoun'ts tweets, they followed it, and qrtd it often, nothing from my end

she then began being flirty about me being a femboy, until one night at the end of january where I gave in for some reason (i still dont know why) and we had sex in a gc we made, i felt like shit after, i kept going back and forth between "oh god i feel i have ruined my life why did i do this with you" and then "sure whatever", that gc got remade like 2 times, until that last one in february you see

no it did not happen 2 days ago, americans just have dates reversed, 02/03/2025 isn't march second for americans, it's february third
doesnt make it any better

End of the doc for now, there might be additional information

in the future. Quickly posting this to get it out there
